

<https://lavka.yandex.ru/>

The screenshot shows a Yandex Lavka product page for 'Помидоры Мохито 500 г'. The main content includes a large image of red tomatoes, nutritional information (18 kcal), and a discount note (-30%). The Lighthouse audit sidebar on the right shows a score of 24/32, with categories: Performance (2/4), Accessibility (2/4), Best Practices (5/5), and SEO (6/6). The Performance section has a note about Insights replacing audits later this year. Diagnostic issues listed include image elements without explicit width and height, and images larger than their displayed size.

Хорошо

ландшафтных дизайнеров, так и любителей полакомиться чем-нибудь необыкновенно вкусным и полезным

<https://ru.wikipedia.org/wiki/Яблоко>

The screenshot shows the Wikipedia article for 'Яблоко' (Apple) in Yandex Browser. The page content includes a sidebar with navigation links like 'Обсуждение' (Discussion), 'Изменить' (Edit), and 'История' (History). The main content area has a heading 'Яблоко' and a summary. On the right, the Yandex DevTools Lighthouse audit interface is open, showing a score of 26/34. The audit results are categorized into Performance, Accessibility, Best Practices, and SEO. The 'Performance' section shows a score of 3/4 and a warning about DOM size. The 'Accessibility' section shows a score of 12/17.

1. <https://agromarket.ru/>

The screenshot shows the Agromarket website in Yandex Browser. The page features a large image of cauliflower with a 40% discount offer. Below it are sections for 'ХИТЫ ПРОДАЖ' (Bestsellers) featuring cherry tomatoes and Powerfol BOP, and promotional banners for original products and fast delivery. The Yandex DevTools Lighthouse audit interface is open, showing a score of 12/17. The audit results are categorized into Performance, Accessibility, Best Practices, and SEO. The 'Performance' section shows a score of 1/4 and a warning about image dimensions. The 'Accessibility' section shows a score of 12/17.
